

Solution Code

```
#include <iostream>
using namespace std;

int main()
{
    int first, second, sum;

    cout << "Enter 1st integer :: ";
    cin >> first;
    cout << "\nEnter 2nd integer :: ";
    cin >> second;

    sum = first + second;

    cout<<"\nSum of Two Numbers [ "<<first<<" + "<<second<<" ] = "<<sum<<"\n";

    return 0;
}
```
