

Solution Code

```
import java.util.Scanner;

public class print_string
{
    public static void main(String args[])
    {
        String str;
        Scanner scan = new Scanner(System.in);

        System.out.print("Enter Your Name : ");
        str = scan.nextLine();

        System.out.print("Hello, " + str);
    }
}
```
