

# Solution Code

```
import java.util.Scanner;

public class Copy_String
{
    public static void main(String args[])
    {
        String strOrig;
        Scanner scan = new Scanner(System.in);

        System.out.print("Enter a String : ");
        strOrig = scan.nextLine();

        System.out.print("Copying String...\n");

        StringBuffer strCopy = new StringBuffer(strOrig);

        System.out.print("String Copied Successfully...!!\n");
        System.out.print("The Copied String is " + strCopy);
    }
}
```
