

Solution Code

```
import java.util.Scanner;

public class Append_string
{
    public static void main(String args[])
    {
        String str1, str2;
        Scanner scan = new Scanner(System.in);

        System.out.print("Enter First String : ");
        str1 = scan.nextLine();
        System.out.print("Enter Second String : ");
        str2 = scan.nextLine();

        System.out.print("Concatenating String 2 into String 1...\n");
        str1 = str1.concat(str2);

        System.out.print("String 1 after Concatenation is " +str1);
    }
}
```
